ARKANSAS TECH UNIVERSITY

ACADEMIC ACCOMPLISHMENTS

"True grit is making a decision and standing by it, doing what must be done. No moral man can have peace of mind if he leaves undone what he knows he should have done." -

John Wayne

"You are not here merely to make a living. You are here in order to enable the world to live more amply, with greater vision, with a finer spirit of hope and achievement. You are here to enrich the world, and you impoverish yourself if you forget the errand." -

Woodrow Wilson

Letter from the President

The list of accomplishments in this publication is a celebration. It is a celebration of our shared commitment to student success, continually strengthening our human core, academic excellence and service as citizens of the region, state and world.

Our collective and individual efforts in scholarship, teaching and service help spread the reputation of Arkansas Tech University. These accomplishments expand the footprint of ATU, enabling us to offer all that is great about our institution to a wider audience while remaining rooted in one of America's most beautiful and welcoming regions.

Ours is a story of grit, supporting each other and fostering innovation. Your achievements reflect the authentic personality and spirit of Arkansas Tech University.

*Dr. Robin E. Bowen
President*

Leadership Tech Cohort Three Projects

International Friends and Family Program

Members: Sara Bailey, Tammy Dougan, Tera Simpson, Hamed Shojaei, Rene Couture, Katy Dodd

Purpose: To establish a training program for faculty and staff that identifies the most pressing challenges international students face and provides support-oriented resources and strategies to enable faculty and staff to help international students successfully adapt to a new environment.

Reduction of Non-Peak Operating Hours

Members: Sarah Burnette, Laura Flake, John Harris, Blake Bedsole, Melinda Wilkins

Purpose: By expanding ATU operating hours and allowing individual employees the opportunity to work a flexible work schedule (and/or telecommute), Tech will become more accessible to all students and families, as well as potentially increasing staff morale, and becoming a destination choice for prospective employees.

ZZZ's Are Key

Members: Kristy Davis, Bob Freeman, Justin Moss, Tammy Guarino, Debra Murphy, Shelley Culwell

Purpose: By assessing how environmental factors impact students' sleep and disseminate the assessment findings to all stakeholders, we will create a plan to implement for a campus-wide initiative to improve the sleep quality of our students. Given the important role of sleep in learning and wellbeing, we will utilize sleep education programs for both students and campus professionals to support both student health and academic success.

Accessible Campus Map

Members: Brent Etzel, Jessica Spicer, Tennille Lasker-Scott, Justin Killingsworth, Lindelle Fraser, Erica Wondolowski

Purpose: To enhance the accessibility experience by developing filters to the existing interactive map based on need or disability type.

Better Recycling

Members: Shellie Hanna, Jennifer Lackie, Peter Dykema, Matt Fraser, Jessica Brock, Tracy Cole

Purpose: To create an inventory of existing recycling options by inviting all offices in academic and administrative buildings to participate in a recycling program for paper, cardboard, and plastic, instructing office staff in the logistics of the better recycling program, and providing the necessary bins/boxes, we will establish better and more consistent recycling at Arkansas Tech.

2019 Faculty Award of Excellence

Teaching

Dr. Emily Hoffman

**Associate Professor of English
Department of English**

Dr. Emily Hoffman earned her Ph.D. from Oklahoma State University in 2009 after completing her bachelor's and master's degrees at the University of Kansas. She joined the faculty of Arkansas Tech University as an Assistant Professor of English in 2010 and earned the rank of tenured Associate Professor in 2016. Dr. Hoffman is a leading professor and advisor in Tech's creative writing program. She has supervised the Department of English and World Languages' successful visiting author program for many years, providing opportunities for Tech students to work with nationally recognized authors. Her leadership is recognized across the campus: she has chaired the University's Promotion and Tenure Committee, served as Co-Head of the New Faculty Orientation Committee, and served as Assistant Director of the University Honors program. She has been selected to serve on several important search committees, including the committee that screened candidates for Vice President of Academic Affairs. Dr. Hoffman has published poetry and fiction as well as scholarly work in media studies. In creative and technical writing courses, Dr. Hoffman helps Tech undergraduates develop skills that build rewarding careers while enriching lives. Dr. Hoffman has developed innovative film studies courses and created the Department of English and World Languages' television studies course.

2019 Faculty Award of Excellence Service

Dr. Robin Lasey

**Associate Professor of Chemistry
Department of Physical Science**

**Director of the Center for Excellence in
Teaching and Learning**

Director of Arkansas Governor's School

Dr. Robin Lasey became an Arkansas Tech faculty member in 2004. She earned her Bachelor of Science degree from Missouri University of Science and Technology and her Doctor of Philosophy degree from Bowling Green State University. Dr. Robin Lasey has earned an “Excellent” rating in service. Last year, 2019, was the first year that Arkansas Tech University hosted Arkansas Governor’s School (AGS). Her position as Director of AGS required her to be the primary liaison between AGS, Arkansas Tech, and Arkansas Department of Education, and take care of grant administration, budgeting, assessment, and reporting. Dr. Lasey is also the Director of the Center for Excellence in Teaching and Learning and Faculty Athletics Representative. In addition, Dr. Lasey is involved with a variety of committees on campus which include Academic Affairs Leadership Council, Arkansas Governor’s School Planning Committee, Center for Excellence in Teaching and Learning Advisory Board, Faculty Athletics Committee, Gender Equity Committee, and the NCAA Compliance Committee.

Dr. Lasey also provided service to the profession outside of the university. Her service to public schools included a week-long science daycamp for elementary/middle school students science camp in which she was the founder, boardmember, and director for the Community Science Network. Dr. Lasey also serves as the Peewee Basketball commissioner for Pottsville.

2019 Faculty Award of Excellence Scholarship/Creative Activity

Dr. David Eshelman

**Professor of Communication and Theatre Director
Department of Communication and Journalism**

Dr. David Eshelman joined the Arkansas Tech faculty in 2006. He received his Bachelor of Arts degree at Case Western Reserve University and his Master of Fine Arts degree from the University of Texas. His Doctor of Philosophy degree was obtained at the University of Missouri.

Dr. Eshelman is an extremely gifted and creative professor. He is the founding director of Arkansas Radio Theatre and is the long-standing ATU director of Theatre. Together with Professor Frances Roberson, Dr. Eshelman is incorporating small screen technology with traditional theatre tenets. The future is indeed bright for Tech theatre under his outstanding leadership.
