New Business

- March 15 will be the site visit from the HLC. Please review Dr. Blondin's agenda for our campus for that day.
- Chairperson Ron Hutain indicated that the minutes and other information have been placed on the Ozark website. Click on Student Learning and then committee goals.
- Mr. Sikes indicated that the faculty's assessment has already resulted in some changes. For example, the Nursing program of study has determined that some prerequisites need to be made. They will be submitting these for approval through the curriculum committee.
- The academic supervisor indicated that quantitative and qualitative review is now being done for assessment of student learning. In addition, several programs have utilized their advisory committees for suggestions for curriculum changes and equipment needs.

The meeting was adjourned at 4:30 p.m.
