B. Restatement of the professional enhancement opportunity

This project requested funds to attend and give a presentation at the KDP International Convocation in Orlando, Florida October 21-24. I presented a lesson titled “Lead, Follow, or Get Out of the Way of the Students’ Learning.

C. Review of the professional enhancement opportunity

I was able to present at the conference and furthering my professional scholarship by doing so. The session was widely attended and spurred a lot of conversation during the question and answer sessions.

D. Not only did I get to further my professional scholarship, I also was able to have the opportunity to observe and learn from many speakers from throughout the country and abroad. Some of the speakers at the conference were:

Alex Kajitani is the 2009 California Teacher of the Year, and a Top-4 Finalist for National Teacher of the Year. Evan Stone is the Co-Founder and Co-CEO of Educators 4 Excellence (E4E), a teacher-led organization that seeks to ensure that teachers’ voices are meaningfully included in the policy decisions that impact their classrooms and careers.

2015 National Teacher of the Year (NTOY) — Shanna Peebles

E.

This opportunity afforded me a wealth of knowledge that I was able to share with both our faculty and with my students. I encourage other faculty to do these types of activities to get out of the ruts we sometimes get into as professors. I gained a great deal from being around so many other fantastic teachers.
